—

Enclosures No. 4

General No.
No. 579 } 1883-84.

Sir,

In submitting for the orders of the Dewan the accompanying copy of the proceedings of the municipal meeting held at Chitaldroog on the 30th ultimo by the Sub Division officer together with 2 statements alluded to, I have the honor to forward copy of his letter No. 417 dated 3rd instant, and to state that he may advantageously be appointed President of the municipal Boards in his Sub Division and empowered to exercise all the powers of President as is stated to be the case in other Subdivisions ——

I have the honor to be
Sir
your most obed & servt
Jno. H.
Offg Deputy Commr
U13

Asstt Comrs Office
Dated 3rd November 1893
Recd 5th do

From
The Asstt Commissioner
Cuttack Subdivision

To
The Deputy Commissioner
Puri District

Sir,

I have the honor to state that as the Municipal Budget Estimate for the current year has not yet been sanctioned, and as the year is fast drawing to a close, it was resolved to carry out pending such sanction, such Emergent works in the three Municipalities of this Subdivision as are shewn in the accompanying statement.

2 Owing to a large and unforeseen Expenditure on the water supply works of the Cuttack Town, it was found necessary to propose revision of the allotment under the head "Public Works" and the Board have resolved to recommend the redistribution of the allotment as shewn in the statement alluded to above. I therefore

regret

for the Dewans approval and sanction.

3 Revised Estimates for the works resolved to be carried out in the Chitaldroog Town Municipality, and Estimates for Emergent works in the Hiriyur and Hovadurga Minor municipalities are herewith submitted, and I request you will be good Enough to place necessary funds at the disposal of the different Municipal Boards pending Dewan's sanction, to Enable them to Execute the works within the current official year—

4 The amount allotted for the annual Maintenance of roads &c. in the Hovadurga Municipality is only Rupees 120—— whereas the Estimate submitted by the Vice President amounts to Rupees 188—8 —— It is therefore proposed to transfer Rs 68—8— from the Head Original works to meet the deficit—

5— In submitting herewith the Proceedings of the Chitaldroog Municipal Board, I request you will be good Enough to Enforce the practice of transacting the business of not only the Town Municipality

the Municipalities in the Sub Division through this office, so that the work may be reduced to a System, as it is, some Amildars correspond in certain matters directly with you and others communicate with this office. It is hardly necessary for me to say that this practice might eventually lead to confusion, and mismanagement of the working of these important Public Institutions

Yours &c
"

The President opened the Meeting with
Loving observations.

On the abolition of the Late Assistant
Collector District all the Records and
Papers of this Municipality were called
for, and sent to the Deputy Commissioner
Cuddapah District - Most probably that
Officer called for them under the impression
that he was the President of the Municipality
& appeared in the absence of previous accounts and Records, it was
not possible to transact any business, &
references were made to obtain authentic
& true orders as to who should be the President
and what should be the system of working

apply for funds for Current Expenses. and the Deputy Commissioner Sanctions such works as upon the application of the Assistant, in charge the Executive Member of the Board.

From certain orders recently passed by the Government, it is evident that the Officer in charge of the Sub Division is President of the Municipalities within his charge.

For these reasons he (Speaker) considers that he could legally preside over the present Meeting.

The Budget Estimate submitted for the Current year has not as yet been received Sanctioned. as the year is fast drawing to a close, it is necessary that necessary Public Works should be Taken on hand at once and Executed.

The following is the State of finances of the Municipality:-

Opening balance Rupees - 3655-11-11

Estimated receipts for the year 1883-84. Rs: 4253-11-11

Total assets. Rs: 7908-11-11

Movement made in the Budget

Cantonment of 1604 Drains. Rs: 434-11-11

—Ditto— of 1 Stepped Drains. Rs: 620-11-11

Cantonment drains with stone slabs. Rs: 400-0-0

Total Rs:— 1454-11-11

Repairs.

Annual Maintenance of Roads and Drains. Rs: 250-0-0

Repairs to Bandy Stand - - - Rs: 75-11-11

-Ditto- of the Water Supply works. Rs: 250-11-11

Ditto - of the Cantonment School - Rs: 200-11-11

-Ditto- of the Cattle Pound -Rs: 25-0-0

-Total Rupees— 800-11-11

The President laid before the Committee, Estimates noted below with the following observations:—

1. Estimate for the Repairs of Wadoo or water Supply Reservoir on the hill, sanctioned by the Deputy Commissioner Rs: ——————— 170-11-11.

2. Estimate for the Repairs of the water Supply Channels in and outside the Town. Rs: ——————— 90-0-0

3. Estimate for the Repairs of the bund of the Annual Nala or water Supply Tank. Rs: ——————— 170-11-0

4. Estimate for the Repairs of the Kachaugi Nadda another water Supply work Rs. 99-0-0

Total Rupees——— 69-0-0

year; Sanction for this suggestion was applied for by the Executive Member (Inlook Sundar) and accorded. In the proposed Budget Estimate provision is made for the repairs of water supply works. to the Extent of only Rs. 250-"-". It is therefore necessary to redistribute the proposed allotment. It will be seen that a sum of Rs: 800-"-" is allotted under the head Repairs; of which Rs: 250-" are allowed for the usual Maintenance of Roads and Drains. This amount must be utilized for the purpose for which it is allotted. There seems to be no objection to appropriate the balance for the water works. The work of repairing Bandy stand and Cattle pond can conveniently be kept poned till next year. He (Speaker) thinks that this Municipality is not bound to repair the Canarese School House. It seems to him (Speaker) that this work should properly be undertaken by the Local Fund Board, in as much as the institution is under its Control. Assuming that the work devolves on

Municipality ought as well be
allowed till the next year. Appro-
priation these heads for the water
works, there still remains a sum of Rs:
102-11- No to make up the total amount
of the sanctioned Estimates for the
water supply works. He (Speaker) Con-
siders that it is necessary to transfer
this amount from the amount allotted
for original works.

Proposed by Commissioner Venkata Raya
Iyengar that the amount allotted for
Extn. work to construct
them in the Akkasalay Layout,
that this work might Concurrently stand
over till next year, that the sum of Rs:
102 may be transferred from this item
to make up the sum of Rs. 652-11-0 al-
-ready sanctioned for water works-

Proposed by Commissioner Rathnavelu
Row that a portion of the amount allotted
for the annual maintenance of roads &c:
may be utilized for the repairs of the Road
from the Srinivasa Rao's Cross; the
same being in need of urgent repairs-

The President remarked that the Road
leading from Gari bagal (Gate) to ---

Coupe [illegible] very much and
Constantly to become [illegible] School
repairs are Executed

in following Resolution was passed
after due deliberation; that the amount
allotted under the heads of Public
works be redistributed, and appropriated
for works so far as repairs are concerned
as noted below

Annual Maintenance of Roads and Drains
Rupees 250-1-11- Out of this sum Rs: 35-4-11
to be set apart for the Petty repairs of
the Town Roads and Drains, in the Sreemavasa
Road Cadre, and the balance of Rs: 90-1-11
for the Metalling and Gravelling of the
Road from Gare Dagah (Gate) to Kuchcheyamma
Temple

Rs 125 for the repairs of the town drains on

For the repairs of water works Rs as per
Estimates already Sanctioned Rs: 152.

This sum is to be made up by appropriating
the sums noted below: —

Allotted for the Repairs of Bandy Stand. Rs: 75. 11-11.
For water Supply works ——— Rs: 250-11-
For Canarese School House repairs — Rs: 200-11-
For Cattle Pound repairs ——— Rs: 25-11-11
Amount to be transferred and appropriated
from the original works (from the amount
allotted for Drains.) ——— Rs: 102. 11.
Total Rupees — 652-1-.

as in the current year after
Considering Rs: 102. from Fair works
Repairs. Turn Turning the following items
Original work
Constructing Box Drains - Rs: 434-11-11.
— Ditto — of 7 Drains - Rs: 518.
Covering Box Drains with
stone slabs Rs —— 400-11-
Total Rupees — 1,352-11-.

Proposed by Commissioner Rajha=
=vendra Row that drainage works
in the Raja Pettah area not in a Satisfac=
=ory condition and that during one of
the Drains Roads it should receive
attention in preference to others.

The President observed that the
drain on one side of the Road leading
from Sarikagal (Gate) to Kachcheyam:
=ma Temple which is also an important
Road is equally in a bad Condition, that
the Board should try to mend it as
Early as possible.

Unanimously resolved that the
amount allotted for the Construction
of the Box drains viz:, Rs: 434 being Suf=
=ficient for both the works alluded to
by the above named Speakers they be
Executed in the current year.

be constructed in the Sadasivanakar Street in the Bowbazar area. He pointed out that an sum of Rs: 620-11-4 was allotted for a drain in Mukherjee Lane, that Rs: 102-11-11 having been transferred to the Head Reserve there remains a sum of Rs: 518-11-1 Unless the Board considers that the work proposed by Venkata Ranjagar is of greater importance there can be no reason to make a re appropriation. He (Speaker) also said that for a long time the rate payers in Bowbazar have derived very little benefit from the Municipal Funds

That the street mentioned by Commissioner Venkata Ranjagar is at the foot of the hill, that the Road is of it is very much cut up, and has almost become impassable for Carts that it is also in a dangerous state for pedestrians during the night time, that the Goldsmiths' Street can afford to wait till next year for further improvements, and that in fact the case of ...

Covipuwahatte is an absolute necessity, whereas that the Goldsmiths' Street is to a certain extent luxury

Unanimously resolved that a Road with proper Box shaped drain be Constructed in the Street in question and the Sum of Rs: 578-11-11 be appro: priated for this work.

Proposed by Commissioner Seeni: = wasa Row that the Sum of Rs: 400-11-11 be appropriated for covering the drains in the Saule'kagal (Sale) Street.

The President said that the Box drains in this Street are so deep that accidents very often occur to Cows and Ponies which by Chance fall into them and that in the rainy season there will be sufficient water running in them to drown a grown up boy or girl. It is therefore absolutely necessa to cover up these drains as Early as possible.

Unanimously resolved that the work should be taken up and completed in the current year, and that the Sum of Rs: 400-11-11 be utilized for

Report and unanimously resolved that the Estimates be prepared at once and submitted for sanction thro' the Deputy Commissioner, and that the Deputy Commissioner be requested to place funds at the disposal of the Committee so that the works may be taken on hand and completed before the close of the current year and that at the same time a re appropriation Statement be submitted to the Government for sanction.

In conclusion the President observed:—

That as he said in the opening of the meeting that all the accounts of this Municipality are with the Deputy Commissioner and that it has become a practice since the formation of the Sub Division Office, to submit all applications for funds &c, direct to that Officer, and transact business thro' his Office.

That there is nothing here to show how much of the Estimated Revenue has been realized, what is the

monthly

and you are fully aware that this (the working) practice is opposed to the fundamental principles of Municipality - You will have read the Dewan Dasara Speech and learnt how it that the is about to Enact Municipal Re= =gulations very soon, with such an Enactment for guidance business of the Board can be sys= =tematically carried on - But until the promised Enactment comes into force some arrangement should be made for the better and efficient transaction of the business of the Municipality -

It was unanimously Resolved as follows: —

That all the applications for funds, all Estimates should be sent and all business connected with the Municipality should be transacted thro the President of the Board after laying them before the Committee in cases where it is necessary

In all accounts, Registers &c
which are under orders of the Government
to be kept in Head Office, and which
are now kept in the Deputy Commrs:
Office, should also be kept in the
Municipal Office here

That all the periodical accounts
be laid before the Committee and Sub:
= mitted to the Deputy Commissioner
if necessary, and the practice of the
Executive Member (Saloor Amildar)
sending them direct to the Deputy
Commissioner be discontinued -

That the Deputy Commissioner
be requested to correspond in all
matters connected with the Munici:
= cipality with its President,
and not with the Executive Member
(the Saloor Amildar)
